

Training Courses for You and Your Team

Communication, teamwork, and other "soft skills" are key to workplace effectiveness and impact. Strengthen your organization with these powerful courses, drawing from extensive project experience, cutting-edge theory, and a certificate program we led at a Canadian university.

Courses to help you reach your goals:

- 1 Emotional Intelligence at Work - Level 1
- 2 Communication and Collaboration
- 3 Group Facilitation - Level 1
- 4 Leadership and Teamwork
- 5 Conflict Resolution in Action
- 6 Emotional Intelligence at Work - Level 2
- 7 Strategic Planning and Implementation
- 8 Negotiation, Mediation, and Influence
- 9 Group Facilitation - Level 2
- 10 Hosting Powerful Conversations

Why invest in training?

Improve team dynamics and performance, both internally and with clients and stakeholders.

Courses can be shaped to your needs, and we develop case studies based on your challenges.

All courses are skills-focused, highly interactive, and delivered by professional trainers.

Can be delivered in-person, online, or in hybrid formats. Offered in 1-day, 2-day, or 3-day sessions.

Contact Engage for 2030 today, to empower your team, and ramp up your impact!

Client testimonials:

Thank you for delivering customized training based in relevant theory but set in real-world scenarios. The 100+ staff you trained greatly appreciated the opportunity to learn and practice the effective inter-personal techniques provided.

Kevin McNaney

Assistant Director of Planning - City of Vancouver, BC, Canada

The recent "emotional intelligence and leadership" training for our faculty members was excellent! We learned a lot, reflected on strengths to build on, and even created an initial action plan. The materials were on-point, the exercises were very interactive, and the course was rated highly by attendees. Recommended!

Dr. Amira Dridi

Tunis Business School - University of Tunis
